The Birthright

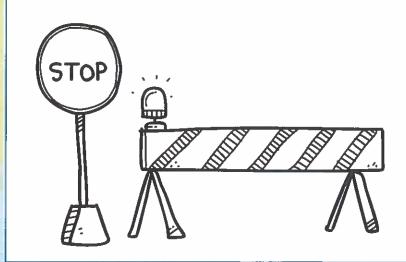

Stop and Pray

Sometimes we have hard decisions to make.

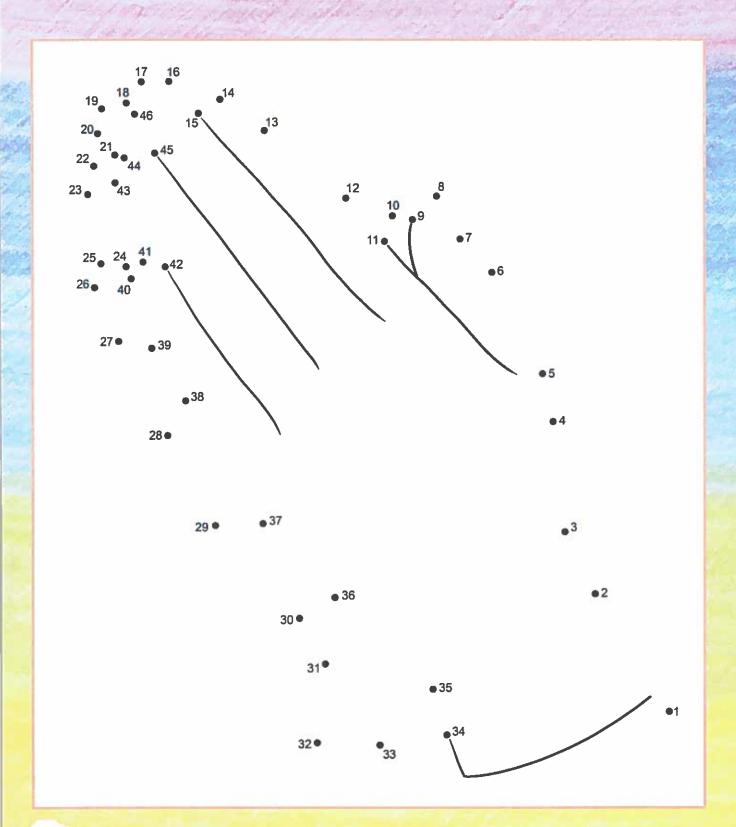

Esau made a hard and fast decision because he was really hungry. But, I wonder what might have happened if Esau had stopped and talked to God?

Are there things you need to talk to God about? Has there ever been a time when you had to make a hard choice? What did you do? Write or draw about it.

Food Chain

A food chain is the connection between plants and animals. Food chains are connected like a circle or a web because each part needs another part to survive. The food chain is a system that shows how certain plants and animals live and consume their food.
